

Remarks

Claims 1-10 of the present application are so-called "use" claims, which are not acceptable according to U.S. practice. Claim 11 is directed to a method of use, which is acceptable according to U.S. practice. The purpose of the present amendment is to present all claims in a form which can be examined.

Thus, claims 1-11 have been replaced by new claims 12-22. Claim 12 corresponds to original claim 11, and claims 13-22 correspond to original claims 2-10, but have been drafted to claim a method, and to depend directly or indirectly from claim 12.

Both of new claims 17 and 18 correspond to original claim 6. The reason for presenting two claims instead of one is to avoid overlap and the use of parentheses.

Other changes of an editorial nature, including the use of the singular instead of the plural, not related to patentability, have also been made in drafting the new claims.

Respectfully submitted,

Andreas F. SCHAUB
